

**PURE DATA SHEET FOR TRADE WASTEWATER**  
(for use when applying for Trade Waste Approval, Permit or Agreement)

**4. Silver Recovery System Used** (If you have one)

Type of System <i>e.g. flow through, batch treatment, fixer recirculation, etc</i>	Manufacturer	Model Number	Serviced by	PURE Reg'n No.	NATA Lab for Testing <i>(PURE Code requires silver tests quarterly, results kept in PURE log book)</i>	NATA Lab Tel #

**5. Balancing Tank/Pit Details**

Do your processor waste liquids drain to a balancing tank or pit before discharging to the sewer? YES / NO  
If **YES** what size is the pit? \_\_\_\_\_ Litres

**6. Liquid Waste Transport Arrangements** (If waste liquid is taken away for treatment or disposal)

Type of liquid taken to another place	Developer	Fix	Bleach fix	Other	A Mixture?
Usual collection volume (litres)					
Collection frequency(e.g. weekly, monthly)					
Company Name of Approved Transporter or Waste Treater					
EPA (or other) Licence No.					
Where is liquid taken?					
Are receipts issued for volume?(Yes/No)					

**7. Chemistry Regeneration and Water Minimisation**

Do you regenerate (or reconstitute or reuse) the following?  
 Developer YES / NO      Fixer YES / NO      Bleach Fix YES / NO  
 Do you have water-limiters? YES / NO      If YES, please give detail: \_\_\_\_\_

**8. Suppliers of Photo Chemistry**

Usual Supplier Brand Name	Type of Chemicals

**9. Daily Production (usual Average)**

Rolls of Film Processed daily \_\_\_\_\_ OR Square Metres of Film per day \_\_\_\_\_  
 OR Number of X-rays per day \_\_\_\_\_ OR Number of X-ray patients per day \_\_\_\_\_  
 OR OTHER USAGE (please detail) \_\_\_\_\_

**10. Declaration**

Are you (undersigned) the owner of the property where discharge to sewer will occur? YES / NO

Trading Name \_\_\_\_\_

Name of Applicant: \_\_\_\_\_ Job Title: \_\_\_\_\_

Tel: (\_\_\_\_\_) \_\_\_\_\_ Fax: (\_\_\_\_\_) \_\_\_\_\_

# PURE DATA SHEET FOR TRADE WASTEWATER

(for use when applying for Trade Waste Approval, Permit or Agreement)

## 11. Site Drawing - show the flows of waste liquids

Draw a floor plan of the layout of your photographic processing area. Keep it simple, but make it clear. Name the various items of equipment and **show the liquid flows.**

Be sure to show the location of:  
⇒ **film and paperprocessors**  
⇒ **sinks**  
⇒ **storage areas**  
⇒ **Silver Recovery Unit**  
⇒ **balancing tank**  
⇒ **recirculation or regeneration units**

Also show:  
◆ **sample points**  
◆ **discharge points to sewer**  
◆ **flow reduction devices**  
◆ **floor drain**  
◆ **water supply**  
◆ **waste piping**
